

4th Grade is Off to New Places!

- **Math:** This week we continued to look at multistep story problems. If you are looking for ways to have your child practice math skills at home they can always log into Khan Academy.
- **Reading:** This week we read a story title *Adelina's Whales*. We looked for facts and opinions while reading this week and discussed how you can prove if a statement is a fact or opinion. Next week we will be reading different stories about Thanksgiving and we will not have any new vocabulary words.
- **Science:** We finished up chapter 3 over electricity and will have a **test on Tuesday, November 24th**. Students have a study guide to help them review and can also log into their science google classroom and play the Kahoot review game.
- **Social Studies:** This week we began to learn about the states in the NE region and the early history of the region. There will be a **quiz over the NE state on December 8th**.

Special Points of Interest:

- Ch. 3 Science Test Tuesday, November 24th.
- No spelling test next week :-) I will be sending home new words next week on a green sheet. **The next test will be on Friday, December 4th.**
- Early dismissal on Wednesday, November 23rd and no school on the 24th or 25th for Thanksgiving break.
- Every year 4th graders decorate Gingerbread Houses. This year we will be decorating them with a few changes due to Covid. We will decorate them in our classroom on Monday, December 21st and will send them home on the 22nd. More information will come home about the needed supplies the first part of December.
- Early out on Tuesday, December 22nd at 1:15 and no school December 23rd-January 4th.
